Uttara University proudly hosted the 9th Bangladesh International Youth Awards (BIYA) 2025 on 27 February 2025 at its Permanent Campus, celebrating outstanding young leaders, innovators, and changemakers from across the country.

The prestigious event brought together distinguished guests, industry leaders, and inspiring youth dedicated to creating a positive impact in their communities, said a press release.

The ceremony was graced by Professor Dr Eaysmin Ara Lekha, Vice Chancellor of Uttara University, as the Chief Guest.

Abdullah Al Mamun, Chief Adviser of Business Genius Bangladesh (BGB), chaired the event, while Jahida Begum, Manager at Bangladesh Parjatan Corporation, attended as the Guest of Honour.

Additionally, Kazi Tareq Ullah, Associate Professor at Uttara University, joined as a Special Guest, further highlighting the importance of youth-driven initiatives.

Organised by Business Genius Bangladesh (BGB) and executed by FoHTEM, BIYA 2025 served as a prestigious platform to recognize and honor young individuals who have made remarkable contributions in various fields. The awards aimed to inspire and empower the next generation of leaders, fostering a culture of excellence, innovation, and social responsibility.

Speaking at the event, Professor Dr Eaysmin Ara Lekha emphasized the significance of empowering youth, stating, "We believe in nurturing the talents and aspirations of young minds. BIYA 2025 has once again showcased the remarkable potential of our youth, reinforcing the importance of recognition and encouragement in shaping future leaders."

The resounding success of BIYA 2025 highlights the growing importance of youth-led initiatives in Bangladesh. As the nation moves forward, platforms like BIYA will remain essential in fostering an inclusive, progressive society driven by innovation and social impact.
